FOR IMMEDIATE RELEASE

Responsive Respiratory Celebrates over 15 Years of Achievement in Oxygen

St. Louis, Missouri –June 20, 2017 – Responsive Respiratory celebrates its 15th anniversary as the leader in high pressure home oxygen equipment and supplies.

RRI announced today that it is celebrating its fifteenth year providing excellence in product and service to the home oxygen market. Over the last decade and a half, Responsive Respiratory has grown from a regional start-up to a nationally recognized domestic manufacturer and distributor of oxygen equipment and supplies with a solid reputation of excellence in customer service.

“I am excited and proud to celebrate this milestone, it represents our commitment to our customers, service and product,” comments Tom Bannon, RRI President. Founded in 2002 by three medical professionals, Responsive Respiratory is dedicated to providing the highest quality of products and service to the home care, hospital and EMS markets. Responsive Respiratory’s sole focus within these industries is marked by their broad portfolio of oxygen delivery, transport and storage solutions for high pressure oxygen, thus is known as “The High Pressure Oxygen Experts.”

“Responsive Respiratory has flourished from our desire to provide exceptional service to our customers,” notes Bannon. “We offer a broad range of personalized solutions and exceptional service that set us, as a company, apart in the industry.” RRI boasts an average 99.4% same-day shipping rate on orders and an industry-leading 48 hour turn-around on customized product.
