The High Pressure Oxygen Experts

O₂ TO GO! CYLINDER DURATION CALCULATOR

Ideal For Both
Techs & Patients

How long will the cylinder last?

Find out at the touch of a button with RRI's Cylinder Duration Calculator - the easy way to check available oxygen!

Download FREE on your Android or iPhone or log on to www.respondo2.com/cylinder-duration. The **O₂ to Go! Duration Calculator** estimates the available ambulatory oxygen instantly with the selection of device, liter flow, cylinder size and cylinder percentage full.

SERVICE PLUS GUARANTEE

Responsive Respiratory is proud to offer the Service Plus Guarantee, a personal guarantee that customers will always receive the highest level of service. RRI trained staff is dedicated to ensuring that every aspect of the customers' interaction with RRI is hassle free: from product inquiries and order placement to shipment and delivery. We take pride in our work and it shows. Now we've put that in a guarantee to you.

RRI sales and customer service staff are always available, which means your phone call will be answered by a trained professional to assist you with placing an order or answering a question.

RRI is centrally located in St. Louis, Missouri to ensure prompt service and delivery of all products. Our fully stocked warehouse and central location enables same day shipment at the lowest possible cost and transit time.

RRI strives to exceed our customers' expectations with superior value-added products. Each product undergoes a rigorous testing process which ensures the item meets or exceeds the Compressed Gas Association (CGA) as well as FDA requirements.

Whether your company has 2 employees or 200: **STAND OUT FROM THE COMPETITION**

L **LOGO IT** **CUSTOM LOGO PROGRAM**

Increase referrals and reduce loss through name recognition on regulators, carry cases, cylinders, and cylinder labels.

- Utilize your best asset - the patient. Referral sources hear their recommendations first-hand
- Professional, permanent logo application
- Low minimums
- Quick 48-hour turnaround after receipt of artwork approval*
- One-time set up fee applies. Additional per unit pricing applies

OXYGEN REGULATORS

- Permanent, quality laser engraving of company name and logo
- Minimum 12 pieces (mix and match)
- Available on Health Care, Home Care, Pediatric & Institution Regulators

CYLINDER CARRY CASES

- Single color professional embroidery of company name and logo
- Minimum 12 pieces (mix and match)
- Available on all cylinder cases

CYLINDER LABELS

- Add your name to vinyl cylinder labels
- Available in 500, 1000, and 2000 piece quantities

T3 CYLINDER LOGO - THERMAL TRANSFER

- Logo is infused directly into clear coat
- Full color, permanent, and scratch resistant
- Pallet minimum

*Cylinder lead times vary.

SINGLE LUMEN CONSERVER

- Lightweight, compact design, quiet operation
- Easy-to-operate single selector knob
- Delivers a uniform oxygen pulse
- Two continuous flow (CF) settings: 2 LPM and 4 LPM
- Delivers up to a 6:1 savings ratio, 14-40 breaths per minute
- Operating pressure range: 200-3000 PSI
- 2 Year Warranty

SPECIFICATIONS

- Continuous flow settings, factory preset: 2 LPM and 4 LPM
- Conserve flows 1-6 LPM
- Dimensions: 5.3" L (13.5 cm) x 2.2" D (5.6 cm)
- Weight: 10 ounces

#130-0600 Single lumen oxygen conserver
#130-0602 Single lumen conserver w/ M6 case
#130-0602M9 Single lumen conserver w/ M9 case

#130-0602 single lumen conserver
with M6 case

OXYMIZER* CONSERVING DEVICES

- The simplest conserving device available - no electronics, switches or flow controls
- Delivers up to 4:1 savings ratio
- Reduces oxygen costs and cylinder delivery frequency
- Designed for use with all oxygen systems
- Ideal for high flow patients - can achieve the equivalent of 7.5 LPM setting at 5 LPM
- Features built-in humidification effect, eliminating the need for additional humidifiers
- Latex free
- Sold in 4 packs, case quantity also available

LITER FLOW SETTING - CANNULA VS OXYMIZER USE											
STANDARD CANNULA	2	3	3.5	4	5	5.5	6	6.5	7	7.5	
OXYMIZER EQUIVALENCY SETTING	0.5	1	1.5	2	2.5	3	3.5	4	4.5	5	

*Oxymizer is a registered trademark of Chad Therapeutics

PENDANT STYLE

- Easy to conceal design rests under clothing on the chest
- Lightweight, only 3 oz

#130-0150 Pendant style, 4 PK

MUSTACHE STYLE

- Soft nasal prongs place less pressure on the septum
- Sits directly under the patient's nose
- Lightweight, only 2 oz

#130-0100 Mustache style, 4 PK

THE Purify O₃ FAMILY

PORTABLE OZONE SANITIZER & DEODORIZER

- Complete kit includes: sanitizer, dual purpose sanitizing/travel case, USB charging cable and bilingual instruction manual (English/Spanish)
- Long lasting rechargeable lithium-ion battery
- No pre-wash solutions, replacements bags, or filters required
- Ideal for sanitizing any small reusable medical devices such as tubing, masks, nebulizers, breast pumps, etc.
- Fits 22mm tubing and masks
 - Additional 20 mm x 22 mm adapter included for use with some types of heated tubing
- 2 year warranty (register at respondo2.com/warranty)
- FDA registered & third-party tested for efficacy
- HSA/FSA Eligible

KILLS 99.99%
OF GERMS &
BACTERIA IN JUST
35 MINUTES!

For more information visit www.purifyo3.com

SAFE & EFFECTIVE

- Utilizes ozone technology for hospital grade disinfection
- Kills 99.99% of germs and bacteria in just 35 minutes

SIMPLE TO USE

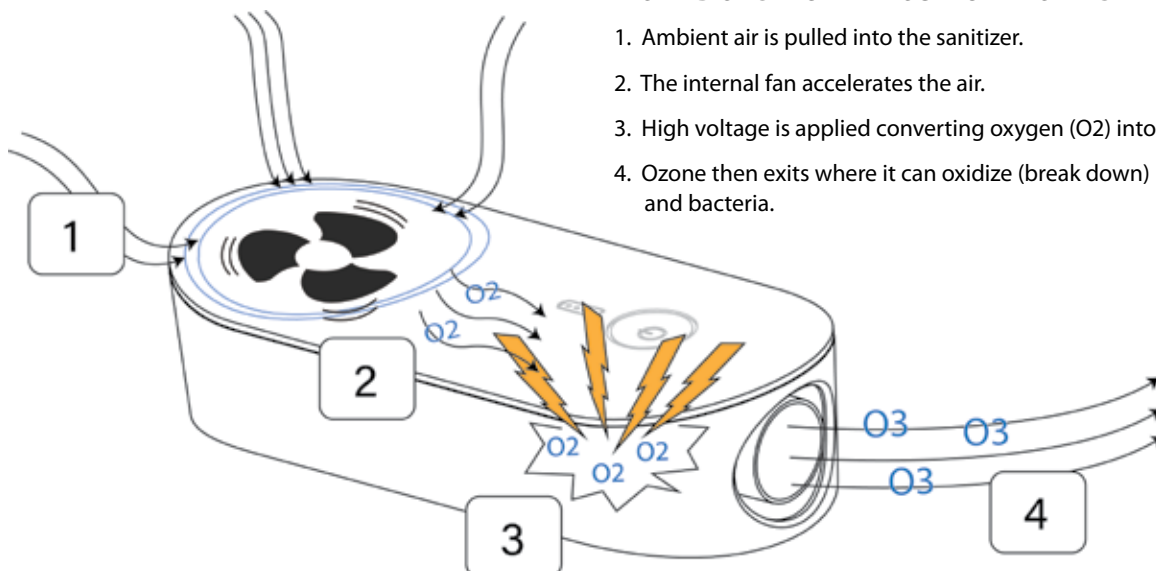

- One-touch control to start, automatically shuts off after disinfection is complete
- Rechargeable battery

FOR HOME & TRAVEL

- Lightweight and portable, less than 1/2 lb
- Compact size and ultra-quiet cleansing cycle ideal for at home or on the go!
- Long-lasting battery sanitizes multiple times on a single charge

HOW DOES PURIFY O3 TURN OXYGEN INTO OZONE?

Purify O₃[®] Elite Series

- On/Off touch sensor
- Illuminated disinfection progress ring
- Lighted battery life indicator
- Audible alarm sounds when cycle is complete
- Includes universal USB charging cable, charging adapter, tubing adapter, and sanitizing case

- #190-6100 Purify O3 Elite Sanitizer Kit
- #190-6002 Dual Purpose Sanitizing/Travel Case
- #190-6103 Purify O3 Elite USB Cable
- #190-6004 Charging Adapter
- #190-6005 Tubing Adapter - 20mm x 22mm

PURIFY O3 ELITE SPECIFICATIONS

- Size/Dimensions: 5.75"L x 2.5"W x 1.5"H
- Weight: 0.49 lb
- Sanitizing Technology: Ozone (O₃)
- Power Source: 3.7V, 2000mAh Rechargeable Lithium-ion battery

Purify O₃[®]

- One-button push to start
- Easy to read indicator lights show when unit is on, has a low battery, or when charging is complete
- Audible alarm sounds when cycle is complete
- Includes USB charging cable, charging adapter, tubing adapter, and sanitizing case

- #190-6000 Purify O3 Sanitizer Kit
- #190-6002 Dual Purpose Sanitizing/Travel Case
- #190-6003 Purify O3 USB Cable
- #190-6004 Charging Adapter
- #190-6005 Tubing Adapter - 20mm x 22mm

PURIFY O3 SPECIFICATIONS

- Size/Dimensions: 4.5"L x 2.75"W x 2"H
- Weight: 0.5 lb
- Sanitizing Technology: Ozone (O₃)
- Power Source: 3.7V, 2000mAh Rechargeable Lithium-ion battery

HEALTH CARE (100 SERIES) REGULATORS

- Lightweight aluminum body with brass core
- Compact design hugs the cylinder to reduce accidental damage
- Flow by color gauge guard identifies LPM range at-a-glance
 - Black: 8 LPM Standard
 - Green: 15 LPM High Flow
- Engineered with metered flow orifice
- Meets or exceeds FDA, CGA & ASTM standards for use up to 3000 PSI
- 2 year warranty

LOGO IT

Add your logo custom engraved on regulators to increase referral source awareness.

FLOW CHART**

EMS & VENTILATOR REGULATORS

- Aluminum body with brass core
- High flow 25 LPM design
- Multi-outlet models include 50 PSI demand DISS outlets
- Can be used on composite cylinders up to 3000 PSI
- Meets or exceeds FDA, CGA & ASTM, including ignition testing
- 2 year warranty

SPECIFICATIONS

- Barb outlet: universal standard for cannula and tubing
- Power take off: demand DISS 1240, preset 50 PSI (+/- 10%)
- Flow capacity: 100 LPM maximum at 40 PSI

25 LPM EMS FLOWS: .5, 1, 2, 4, 6, 8, 10, 12, 15, 20, 25

OXYGEN PATIENT SET-UP KITS

D CYLINDER SHOULDER KIT

- D aluminum cylinder with standard post valve
- Click-style regulator (8 LPM or 15 LPM w/barb)
- D shoulder carry case
- Plastic cylinder wrench with on/off arrows and bungee

#140-0300 8 LPM D cylinder shoulder kit
#140-0310 15 LPM D cylinder shoulder kit

MRI E CYLINDER CART KIT

- MRI E aluminum cylinder with standard post valve
- MRI regulator (25 LPM w/barb)
- MRI E cart with orange MRI identifier label
- Plastic wrench with on/off and markings

#140-0200 MRI oxygen delivery system w/ MRI E cylinder
#140-0201 MRI oxygen delivery system (less cylinder)
#110-0410 MRI cylinder w/ SPV

E CYLINDER CART KIT

- E aluminum cylinder with standard post valve
- Click-style regulator (8 LPM or 15 LPM w/barb)
- Single D/E cylinder cart
- Plastic cylinder wrench with on/off arrows and bungee

#140-0100 8 LPM E cylinder cart kit
#140-0110 15 LPM E cylinder cart kit
#140-0111 15 LPM E cylinder cart kit (less cylinder)

DUAL E CYLINDER CART KIT

- 2 E aluminum cylinders with standard post valve
- Click-style regulator (15 LPM w/ barb)
- Dual D/E cylinder cart
- Plastic cylinder wrench with on/off arrows and bungee

#140-0120 15 LPM dual E cylinder cart kit
#140-0121 15 LPM dual E cylinder cart kit (less cylinders)

LARGE CYLINDER SET-UP KIT

- Ideal for in-home placement of backup cylinders
- Click-style regulator (15 LPM w/barb)
- Universal large cylinder stand
- Large metal wrench

#140-0131 Large cylinder set-up kit

RESUSCITATOR SYSTEMS

MANUAL RESUSCITATOR CART SYSTEM

System includes:

- Disposable manual resuscitator, includes PEEP and mask
- High concentration adult mask with 7' safety tubing & reservoir bag
- Plastic wrench with on/off arrows and bungee
- 15 LPM regulator, CGA 870 with barb

#140-3005 Manual resuscitator cart system w/ E SPV cylinder

#140-3006 Manual resuscitator cart system (less cylinder)

MANUAL RESUSCITATOR BAG SYSTEM

System includes:

- Disposable manual resuscitator, includes PEEP and mask
- High concentration adult mask with 7' safety tubing & reservoir bag
- Plastic wrench with on/off arrows and bungee
- 15 LPM regulator, CGA 870 with barb

#140-3007 Manual resuscitator bag system w/ D SPV cylinder

#140-3008 Manual resuscitator bag system (less cylinder)

DISPOSABLE RESUSCITATOR

- Includes PEEP and mask
- 93% oxygen concentration at 15 L/min

#220-2000B Adult disposable BVM w/ PEEP and mask EA

#220-2001B Pediatric disposable BVM w/ PEEP and mask EA

CYLINDER BAG

- Holds one D cylinder
- Front and side pockets for additional supplies

#150-1200 First responder bag

CYLINDER LABELING & OXYGEN WARNING SIGNS

CYLINDER LABEL

- Dimensions: 4"W x 6" H
- Oxygen label for use when filling tanks
- Blank labels offer durable paper backing with clear top coat
- Custom vinyl label available with RRI's exclusive ultra adhesive for long lasting adhesion and easy removal. Lasts up to 4 times longer than paper labels!

#180-4130-0100	Blank cylinder label	100/PK	(Also available in 500 & 1000 packs)
#180-4130V	Custom vinyl label	500/PK	(Also available in 1000 & 2000 packs)

NO SMOKING EQUIPMENT LABEL

- Dimensions: 3"W x 3" H
- Vinyl label with UV coating and ultra adhesive

#180-4202	No smoking label	25/PK
-----------	------------------	-------

NO SMOKING SIGN

- Dimensions: 8.5"W x 5.5" H
- Thick card stock

#180-4201	No smoking sign	25/PK
-----------	-----------------	-------

LABEL MARKING GUN & REFILLS

- Label refill includes lot number (8 digits) and liter (6 digits)

#180-4040	Label marking gun	
#180-4050	Label refills	750/ROLL

NO SMOKING MAGNET

- Dimensions: 2"W x 8" H

#180-4215	No smoking magnet	10/PK
-----------	-------------------	-------

NO SMOKING WINDOW CLING

- Dimensions: 5"W x 5" H
- Repositionable, static on face of cling

#180-4205	No smoking cling	25/PK
-----------	------------------	-------

ALUMINUM MEDICAL CYLINDERS

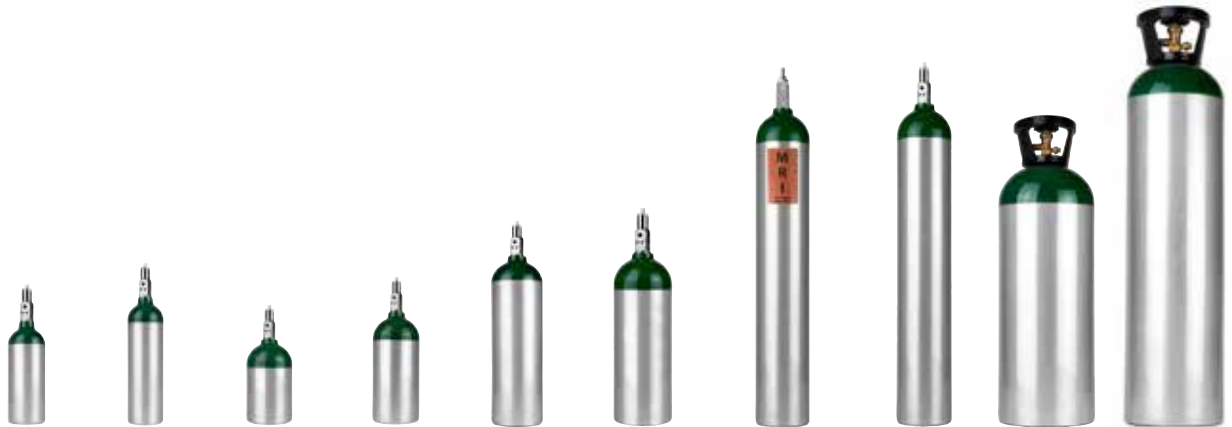

- Brushed aluminum with clear coat protective finish
- 25-40% lighter than steel
- 5 year hydrostatic test
- Offered in 6 packs and pallets

Logo It

Add your logo to aluminum cylinders with T3 - Thermal Transfer Technology.

- Full color permanent logo infused into clearcoat
- Durable, scratch resistant

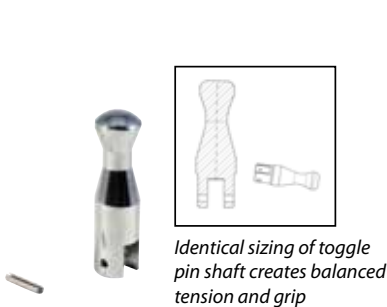

Pallet minimum. One time set-up fee applies.

CYLINDER SHOULDER CARRY CASES

- Durable, rugged design
- Heavy-duty fabric with reinforced seams
- Grommeted cannula/tubing guides
- Double thick clear viewing window for easy status checks
- Vented for conservator use
- Side carry handle
- M4, ML6, M6, M9 cases feature detachable, repositionable shoulder strap for vertical or horizontal carry

CYLINDER FIT GUIDE FOR CASES

- | | | |
|---------------|----------------|--------------|
| ★ M4 cylinder | ▲ ML6 cylinder | ✚ D cylinder |
| ● M6 cylinder | ■ M9 cylinder | ◆ E cylinder |

REPOSITIONABLE SHOULDER STRAP

Detachable shoulder strap with alternate attachment points for vertical or horizontal carry.

M6 shoulder bag shown with horizontal carry

L LOGO IT

Maximize your marketing dollars and drive referrals - add your name and logo custom embroidered on cylinder cases

- Increases referral source awareness
- Assists in asset control - reduces loss
- High quality, custom embroidery

Low 12 piece minimum, one time set-up fee applies.
Quick 48 hour turn-around.

SPECIALTY CYLINDER CASES

BACKPACK CARRIERS

- Comfortable padded, adjustable shoulder straps
- Chest stabilizer strap
- Interior pocket to carry valuables
- Padded mesh back wicks away moisture
- Roomy interior with velcro cylinder stabilizer strap
- Dual grommeted cannula guides

#150-1101 D backpack

#150-1151 M6 / M9 backpack

CAMERA STYLE CASE

- Double thick clear window for status checks
- Velcro cylinder stabilizer strap
- Vented for conservor use
- Holds M4 / M6 / ML6 / M7 / M9 cylinders

#150-1130 Camera style case

#150-1160 shown on a walker

D / E WHEELCHAIR CYLINDER CARRIER

- Universal design - attaches quickly & easily to most wheelchairs, scooters & walkers
- Multi-point stabilizer straps ensure secure fit
- Interior cylinder adjustment to fit D or E cylinders

#150-1160 D / E fabric wheelchair carrier

FANNY PACK CARRIER

- Padded waistband with snap-fit adjustable band
- Interior zipper pocket to carry valuables
- Velcro cylinder stabilizer strap
- Holds M4 / M6 / ML6 / M7 / M9 cylinders

#150-1153 Fanny pack carrier

CYLINDER CARRIERS

#150-0113

CARMATE™ CYLINDER CARRIER

- Restrains cylinders for vehicle transport
- Installs easily into rear seat using the vehicle's built-in LATCH tether system
- Compartmentalized design holds three cylinders for rattle-free transport
- Easy open/close clips secure cylinders into carrier

#150-0113 D / E 3 cylinder CarMate carrier

#150-0115 M6 3 cylinder CarMate carrier

LATCH tether point

All cars built after 2003 have integrated metal "u-shaped" hooks in the rear seat crease for the attachment of child safety seats. The CarMate is secured by these tether points.

HOW DOES IT INSTALL?

The CarMate is simple to install. Clip the CarMate into the LATCH hooks in the vehicle's rear seat crease (located near the seat belts). Then pull strap adjustments to tighten. It's that easy!

CYLINDER CARRY TOTE

- Includes inserts for transport of multiple cylinder sizes
- Durable, rugged design with heavy-duty fabric
- Reinforced seams and tote bottom
- Holds (6) M6, (4) M7 / M9 or (4) D cylinders

#150-1190 Cylinder carry tote

#150-0110

#150-1160

WHEELCHAIR CYLINDER CARRIERS

- Attaches easily to most standard wheelchairs
- 100% welded steel with durable powder coat paint finish
- Steel carrier is wall-mountable
- Fabric carrier features multi-point stabilizers for secure fit and interior D/E cylinder adjustment

#150-0110 D / E steel wheelchair carrier

#150-1160 D / E fabric wheelchair carrier

TOTE 'N GO™ CARDBOARD CYLINDER CARRIER

- Heavy-duty corrugated cardboard tote
- Lightweight, moisture-resistant construction
- Easy grip handle for comfortable carry
- Assembles quickly, simplifies patient set-up, delivery and storage
- Totes fold and store flat
- Sold in packs of ten

 - 2 swivel with VertiLoc brake, 2 rigid

MULTI-CYLINDER DELIVERY CART - STANDARD CASTERS

#150-0150	Multi-cylinder delivery cart	42" L x 32" W x 48" H
#150-0150S	Multi-cylinder delivery cart - 4 swivel casters	42" L x 32" W x 48" H

MULTI-CYLINDER DELIVERY CART - STEEL CASTERS

#150-0150SC	Multi-cylinder delivery cart	42" L x 32" W x 48" H
-------------	------------------------------	-----------------------

D.O.T. COMPLIANT - MULTI-CYLINDER DELIVERY CART - STANDARD CASTERS

#150-0150DOT	Multi-cyl delivery cart w/ locking steel doors & lid
#150-0150DOTS	Multi-cyl delivery cart w/ locking steel doors & lid - 4 swivel casters

D.O.T. COMPLIANT - MULTI-CYLINDER DELIVERY CART - STEEL CASTERS

#150-0150DOTSC	Multi-cyl delivery cart w/doors & lid
----------------	---------------------------------------

COMPACT MULTI-CYLINDER DELIVERY CART

- 100% welded ASTM A513 steel supports with durable powder coat paint finish - Includes ratchet straps & strap hooks
- Transports up to 160 M6, 42 D / E, or 12 M60 cylinders
- Never weld a broken caster! Replaceable heavy-duty 5" casters with RRI's exclusive easy-on (1 bolt assembly) design
 - 2 swivel with VertiLoc brake, 2 rigid

COMPACT MULTI-CYLINDER DELIVERY CART - STANDARD CASTERS

#150-0149 Compact multi-cylinder delivery cart 29" L x 32" W x 48" H

COMPACT MULTI-CYLINDER DELIVERY CART - STEEL CASTERS

#150-0149SC Compact multi-cylinder delivery cart 29" L x 32" W x 48" H

VERTICAL BULK TRANSPORT CART

- 100% welded ASTM A513 steel supports with durable powder coat paint finish
- Reinforced sides prevent warping or buckling
- Open top design
- Includes center brake for added stability when storing
- Straight handle for cart to cart nesting in vehicles or warehouse
- Ideal for use with larger (MM & M60) cylinders
- Transports up to 60 D / E or 15 MM / M60 cylinders
- Never weld a broken caster! Replaceable heavy-duty 5" casters with RRI's exclusive easy-on design - 2 swivel with VertiLoc brake, 2 rigid

VERTICAL BULK DELIVERY CART - 5" STANDARD CASTERS

#150-0156 Multi-cylinder vertical bulk delivery cart 48" L x 25" W x 40" H

VERTICAL BULK DELIVERY CART - 5" STEEL CASTERS

#150-0156SC Multi-cylinder vertical bulk delivery cart 48" L x 25" W x 40" H

INDUSTRIAL-DUTY LAYERED CARTS & RACKS

**100% WELDED STEEL CONSTRUCTION
WITH DURABUILT REINFORCED FRAME**

D.O.T. COMPLIANT

 Add latching steel doors for D.O.T. compliance.

**EASY-ON REPLACEABLE
5" CASTERS**

RRI exclusive easy-on (1 bolt assembly) casters. Available in both standard and steel.

**SPACE-SAVING DESIGN,
PRE-DRILLED FOR STACKING
& CASTER CONVERSION**

- Durabuilt reinforced frame
- 100% welded steel with durable powder coat paint finish
- Never weld a broken caster! Replaceable heavy-duty 5" casters with RRI's exclusive easy-on design - 2 swivel with VertiLoc brake, 2 rigid
- Pre-fitted with hinges, caster plates and bolt-down plates
- Stackable! Pre-drilled mounting plates allow units to be stacked*
- DOT compliant models available w/ latching steel doors for secure vehicle transport
- Dimensions: 32" L x 27" W x 33" H standard (40" H with casters)

LAYERED CART & RACK SYSTEM

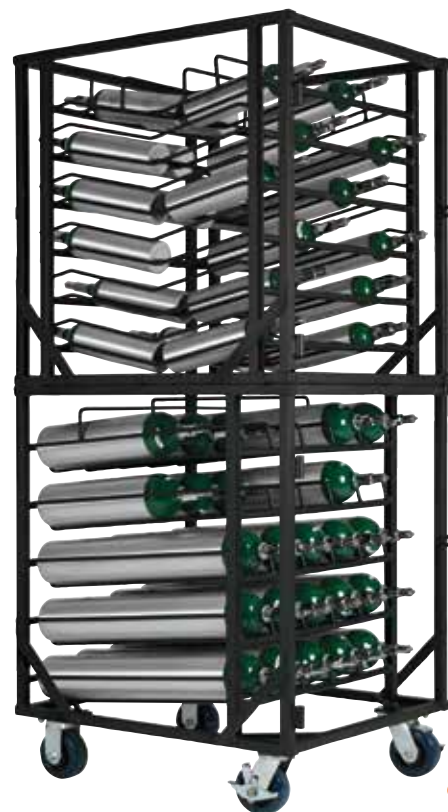

#150-0154	M6 Layered cart w/ standard casters - 84 cylinder
#150-0154SC	M6 Layered cart w/ steel casters - 84 cylinder
#150-0154DOT	M6 Layered cart w/ standard casters - 84 cylinder, w/ 2 doors
#150-0154DOTSC	M6 Layered cart w/ steel casters - 84 cylinder, w/ 2 doors
#150-0152	D / E / M9 / M7 Layered cart w/ standard casters - 25 cylinder
#150-0152SC	D / E / M9 / M7 Layered cart w/ steel casters - 25 cylinder
#150-0152DOT	D / E / M9 / M7 Layered cart w/ standard casters - 25 cylinder, w/ door
#150-0152DOTSC	D / E / M9 / M7 Layered cart w/ steel casters - 25 cylinder, w/ door

LAYERED RACK SYSTEM

#150-0155	M6 Layered rack - 84 cylinder
#150-0155DOT	M6 Layered rack - 84 cylinder, w/ 2 doors
#150-0153	D / E / M9 / M7 Layered rack - 25 cylinder
#150-0153DOT	D / E / M9 / M7 Layered rack - 25 cylinder, w/ door

REPLACEMENT CASTERS

#150-0020	5" Easy-on caster kit
#150-0020SC	5" Steel caster kit

#150-0155 and
#150-0152 shown stacked

**Not recommended for vehicle installation when in stacked configuration.*

HORIZONTAL “STACKER” STORAGE

- Space-saving modular design
- Purchase a complete unit or build your own
- Easy to assemble
- 100% welded steel construction with durable powder coat paint
- Minimal floor space required - 32" x 32.5"
- 4" replaceable bolt-on casters: 2 swivel with VertiLoc brake, 2 rigid

STACKER CARTS & RACKS

#150-0396	M6 cart - 96 cylinder
#150-0398	M6 rack - 96 cylinder
#150-0395	D / E / M9 / M7 / ML6 cart - 42 cylinder (holds 84 ML6, M7, M9)
#150-0397	D / E / M9 / M7 rack - 42 cylinder (holds 84 ML6, M7, M9)

DESIGN YOUR OWN STACKER SYSTEM

Custom design a horizontal storage system to meet your storage needs. All systems require base kit for stability.

- Mix and match shelves up to 7 high
- Cart and rack configuration both require base kit

DESIGN YOUR OWN STACKER SYSTEM

#150-0384	M6 shelf - 16 cylinder
#150-0381	D / E / M9 / M7 / ML6 shelf - 6 cylinder (holds 12 ML6 / M7 / M9)
#150-0382	Base kit - required for build your own units
#150-0383	Caster kit - 4" casters, 2 swivel w/brake, 2 rigid

OXYGEN CANNULA

- Curved nasal prongs for comfortable, natural fit
- “Bolo” style slide for patient adjustment
- Clear material for inconspicuous use
- Six channel, star lumen tubing eliminates kinks
- Latex free to protect sensitive skin

ULTRA SOFT CANNULA - STANDARD & HIGH FLOW

- Ultra soft cannula - offers flex-soft fit for the ultimate in comfort, reduces irritation behind ears
- Demand cannula - one nasal prong senses inhalation while the other delivers oxygen. Smooth bore tubing enhances sensitivity of the inhalation effort
- High flow cannula - for flow rates of 6 LPM up to 15 LPM

#220-1604	4' Safety tubing	50/CS
#220-1604-H	High flow, 4' safety tubing	25/CS
#220-1607-H	High flow, 7' safety tubing, green	25/CS
#220-1612	2' Safety tubing	50/CS

#220-1617	7' Safety tubing, green	50/CS
#220-1625-H	High flow, 25' safety tubing, green	10/CS
#220-1804	Demand, 4' safety tubing	25/CS

#220-1560

COMFORT PLUS CANNULA

- Standard oxygen cannula
- Soft nasal tips for comfortable wear

#220-1560	Earmates	50/CS
#220-1602	2" Tubing connector	50/CS
#220-1607	7' Safety tubing	50/CS
#220-1625	25' Safety tubing	25/CS

SPECIALTY CANNULA

- Adult micro cannula - lightweight and compact, ideal for patients with flow rates of 3 LPM or less
- Infant & Pediatric cannula - feature ultra soft cannula design with flex-soft fit, reducing irritation behind ears

#220-1707	Adult micro, 7' safety tubing	50/CS
#220-1737	Infant ultra soft, 7' safety tubing	50/CS
#220-1757	Pediatric ultra soft, 7' safety tubing	50/CS

OXYGEN SUPPLY TUBING

- Designed to maximize concentrator and liquid system flow output
- Kink-resistant, six channel star lumen tubing prevents occlusion
- 85 durometer latex free material inhibits twisting
- Standard connectors for universal fit

SUPPLY TUBING

#220-1007	7' Safety tubing, clear	50/CS
#220-1014	14' Safety tubing, clear	50/CS
#220-1025	25' Safety tubing, green	25/CS
#220-1050	50' Safety tubing, green	20/CS

#220-1007

#220-1025

OXYGEN ACCESSORIES

IN-LINE WATER TRAP

- Helps to eliminate moisture accumulation
- Clear body construction for visual inspection
- Standard barb connectors
- 6.5" long, 1" diameter

#220-1580	In-line water trap	25/CS
-----------	--------------------	-------

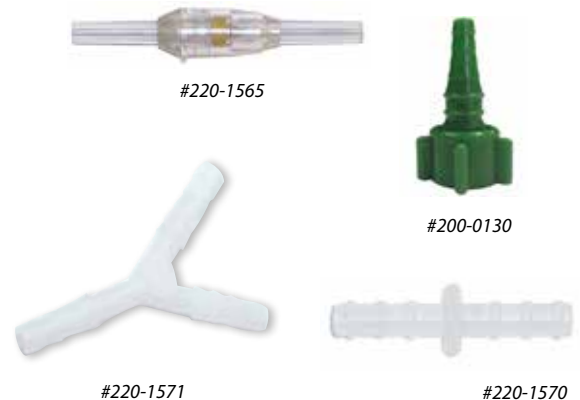

#220-1575

#220-1575-H High Flow

DISPOSABLE HUMIDIFIER

- Quiet output
- 350 cc usable volume
- Standard barb connector
- Standard flow 0-6 LPM
- High flow 6-15 LPM

#220-1575	Humidifier - 6 PSI	50/CS
#220-1575-H	Humidifier - 15 PSI High flow	25/CS

#220-1565

#200-0130

#220-1571

#220-1570

TUBING CONNECTORS

- Swivel connector features 360° swivel to prevent twisting & kinking
- Attaches to all standard tubing and cannula
- Durable and easy to use for leak-free coupling
- Y connector joins oxygen and aerosol tubing
- Male to male (excludes #200-0130)

#200-0130	Swivel hose nipple	25/PK
#220-1565	Swivel connector	25/PK
#220-1570	Straight connector	50/PK
#220-1571	Y connector	10/PK

OXYGEN & AEROSOL MASKS

OXYGEN MASKS

- Medium and high concentration masks with 7' safety tubing
- High concentration mask includes reservoir bag
- Latex free, clear soft vinyl for patient comfort
- Adjustable elastic straps
- One size fits most - flexible elongated shape with molded nose bridge fits most face sizes, reducing inventory

#220-1520	Medium concentration mask	50/CS
#220-1520-5	Medium concentration mask - 5 pack	5/PK
#220-1523	Pediatric medium concentration mask	50/CS
#220-1523-5	Pediatric medium concentration mask - 5 pack	5/PK
#220-1525	High concentration mask non rebreather w/ reservoir bag	50/CS
#220-1525-5	High concentration mask non rebreather w/ reservoir bag - 5 pack	5/PK

#220-1520

OXYGEN BI-FLOW MASKS - ULTRA SOFT DESIGN

- Latex free ultra soft design offers flex-soft fit for the ultimate in comfort
- Simple and comfortable for patients who cannot tolerate a cannula or those with recurring necrosis
- FiO2 volumes comparable to nasal cannula use
- Eliminates irritation from rubbing and everyday wear of cannula
- Mask forms reservoir for warm, moist oxygen. No humidifier necessary
- Animated pediatric mask reduces apprehension for effective therapy

#220-1535	Adult bi-flow mask w/ 7' tubing	25/CS
#220-1540	Pediatric bi-flow mask w/ 7' tubing	25/CS

#220-1535

#220-1540

AEROSOL MASKS

- Designed for aerosol therapy
- Latex free, clear soft vinyl for patient comfort
- Adjustable elastic straps
- One size fits most - flexible elongated shape with molded nose bridge fits most face sizes, reducing inventory
- Swiveling mask for effective therapy in a number of positions
- Accepts all 22 mm ID aerosol tubing (tubing not included)

#220-1510	Adult aerosol mask	50/CS
#220-1515	Pediatric aerosol mask	50/CS

#220-1510

NEBULIZER KITS

- High output design delivers medication quickly and efficiently with ideal particle size production for maximum therapeutic effect and low (.7 cc) dead volume
- Easy to use nebulizer medication bowl - medication is poured directly into top, no need to open the chamber
- Graduated volume (cc) markings on bowl with high capacity (13 cc) to maximize treatment efficiency
- Swiveling mask ensures patient compliance and comfort - rotates up to 45° for treatment in reclining position
- Latex free

EXCLUSIVE SWIVELING MASK

Our exclusive mask design swivels up to 45 degrees to ensure patient comfort and treatment efficacy

ADULT NEBULIZER KIT

- 6" flex tube reservoir holds 60 cc capacity to increase treatment efficacy
- Includes mouthpiece, universal Tee, flex hose w/ 7' safety tubing, medication bowl

#220-1210 Adult nebulizer kit 50/CS

ADULT NEBULIZER MASK KIT

- Includes swiveling aerosol mask, 7' safety tubing, medication bowl
- Mask swivels to ensure patient comfort during therapy

#220-1215 Adult nebulizer mask kit 50/CS

PEDIATRIC "SPIKE THE DOG" NEBULIZER MASK KIT

- Comforting appearance reduces anxiety during therapy
- Includes swiveling dog aerosol mask, 7' safety tubing, medication bowl

#220-1221 Pediatric nebulizer kit 50/CS

PEDI-PACIFIER PEDIATRIC NEBULIZER KIT

- Ideal for small children 2 and under - pacifier calms the child and allows direct medication through nasal inhalation
- Includes pacifier, 7' safety tubing, medication bowl and elbow or Tee with flex hose

#220-1225 Pedi-pacifier nebulizer kit w/ elbow 12/CS

#220-1227 Pedi-pacifier nebulizer kit w/ Tee & flex hose 12/CS

RESPOND O2 OXYGEN ANALYZER

- Checks concentrator purity to verify output and oxygen concentration levels
- Maintenance free - no fuel cell replacement
- Large LCD display with low battery indicator & auto shutdown to conserve battery life
- Field calibration feature
- User friendly, compact & lightweight
- Includes carry case
- 2 year warranty

SPECIFICATIONS

- Display range: 0-100+
- Display resolution: .1% increments
- Accuracy: +/- 2% of full scale
- Linearity: +/- 2% of full scale
- Operating temperature: 32-105° F
- Dimensions: 5.75" L x 3.6" W x 1.3" H
- Weight: 9 oz
- Power requirements: 9 volt battery (included)

RESPOND O2 ANALYZER

#180-5000 Respond O2 analyzer

LITER METER

- Flow check for use on all types of concentrators
- Compact, lightweight design
- Simple to use, easy to read
- Not for use as a calibration device

#180-5004	Pediatric flow liter meter	0-2.5 LPM
#180-5005	Standard flow liter meter	0-8 LPM
#180-5006	High flow liter meter	2-15 LPM

HOW LONG WILL THE CYLINDER LAST?

VIEW O2 FINGERTIP PULSE OXIMETER

- Noninvasive, portable device monitors heart rate and blood oxygen saturation levels
- Exclusive high-definition OLED color screen with 10 brightness settings
- Multi-directional readout with 4 display modes
- Accommodates wide range of finger sizes, from pediatric to adult
- Auto-off after 8 seconds non-use
- No calibration necessary - ready to use
- Low battery indicator
- No prescription required
- 2 year warranty

SPECIFICATIONS

- FDA Compliant
- SPO2 Accuracy: +/- 3%
- Oxygen Saturation: 70-99%
- Pulse Rate: 30-235 BPM
- For use with children over 1 yr and 20 lbs
- Battery life: 3000 spot checks or 30 hours continuous use
- Weight: 2 oz with batteries (2 AAA - included)

#180-5055 View O2 pulse oximeter w/ bump guard and neck lanyard

Multi-directional display modes shown above

RESPOND G5 PERCUSSOR

- Self-contained hand-held unit
- Aids in the loosening and mobilization of lung secretions and assists to relieve obstructed airways
- Versatile model allows for easy self-administration
- Variable speed with directional stroking motion
- Includes soft foam applicator, percussion (cupping) applicator, vibration applicator & 6 reusable covers
- 1 year warranty

SPECIFICATIONS

- 20-50 cycles per second
- 1/40 HP motor
- 110V 60 cycle
